Government of Pakistan
Public Procurement Regulatory Authority
(Cabinet Division)

Subject: MINUTES OF THE COORDINATION MEETING WITH POWER DIVISION, NEECA AND PSOCA TO DISCUSS REFORMS MEASURES AGREED UNDER IMF RESILIENCE AND SUSTAINABILITY FINANCING (RSF):

The subject coordination meeting, held on 15th July 2025, was hosted by the Public Procurement Regulatory Authority (PPRA) and attended by the representatives of Ministry of Energy Power Division, and National Energy Efficiency and Conservation Authority (NEECA) (*Attendance Sheet is attached as Annex-I*). The meeting formally began with a warm welcome to the esteemed participants.

2. The objective of the meeting was information sharing for further proceeding on the regulatory enhancements to mandate the compliance of Minimum Energy Performance Standards (MEPS) in public procurements.

- I. The Policy Specialist PPRA underscored that the required information for such regulatory enhancement is awaited and the same is essential before considering any regulatory enhancement.
- II. Director Strategy Management Office (SMO) NEECA, apprised the forum that NEECA has so far registered 32 LEDs manufacturing companies and 62 FAN manufacturing companies under “Pakistan Energy Labels Regulations 2023”, and the statistic about the total makes and models of these companies is also being digitally compiled.
- III. The Deputy Secretary Power Division emphasized that a complete assessment of market availability of MEPS complying companies/products by NEECA, is essential before enforcing the MEPS compliant public procurements to avoid market monopoly.
- IV. The Director General Legal PPRA noted that being the government mandated body, NEECA should formally communicate to the PPRA the market readiness of MEPS compliant five power intensive items, key considerations and

recommendations for the regulatory enhancement to ensure the principles of fair competition and equal opportunity are not compromised upon enforcement of MEPS compliant public procurements.

POINTS AGREED:

- I. NEECA shall formally communicate to PPRA the registration details of the five power intensive items so far completed by NEECA under Pakistan Energy Labels Regulations, key considerations for regulatory enhancement and recommendations (Star Label Categories and others) by 15th August 2025.
- II. After the information is received, PPRA shall proceed to the necessary steps required for regulatory enhancement and take the Power Division, PSQCA and NEECA on board accordingly.

The meeting ended with a mutual note of thanks from the participants.
