PUBLIC PROCUREMENT MONITORING REPORT (2025–2026)

Federal Procurement Analysis – EPADS 1.0

INTRODUCTION

This report presents Federal procurement activity recorded in EPADS 1.0 for fiscal year 2025–2026. EPADS 2.0 activity for February–June 2026 is not included. For this analysis, a completed procurement is awarded from 1 July 2025 through 30 June 2026.

1. OVERALL PROCUREMENT STATISTICS

The following metrics show the scale of EPADS 1.0 procurement activity during FY 2025–2026, covering Open Competitive Bidding and alternative methods of procurement:

Total Procurement Records Planned	Total Procurements Awarded	Awarded Value (PKR in Billion)
62,652	51,989	409.72

2. PROCUREMENT BY CATEGORY

Awarded procurement records are distributed across four categories Good, Works, Consulting Services, and Non-Consulting Services.

Procurement Category	Number of Procurements	Percentage of Count	Value (PKR in Billion)	Percentage of Value
Goods	38,357	73.78%	333.59	81.42%
Works	6,008	11.56%	44.57	10.88%
Consulting Services	1,012	1.95%	4.14	1.01%

TOTAL	51,989	100.00%	409.72	100.00%

3. PROCUREMENT METHOD ANALYSIS

EPADS 1.0 records reflect two primary procurement methods. Open Competitive Bidding accounts for most awarded value, while Petty Purchase and RFQ account for most procurement records:

3.1 Procurement Awarded Value by Method

Procurement Method	Number of Procurements	Value (PKR in Billion)	Percentage of Value
Open Competitive Bidding (OCB)	4,989	403.31	98.44%
Alternative Method of Procurement	47,000	6.41	1.56%
TOTAL	51,989	409.72	100.00%

3.2 Procurement Awarded Value by Procedure (OCB)

Procurement Procedure	Number of Procurements	Awarded Value (PKR in Billion)	Percentage of OCB Value
Single Stage Single Envelope	3,658	300.37	74.48%
Single Stage Two Envelope	1,320	102.31	25.37%
Two Stage Two Envelope	10	0.27	0.07%
Two Stage Bidding Procedure	1	0.36	0.09%
TOTAL	4,989	403.31	100.00%

3.3 Petty Purchases and RFQs

Petty Purchase and RFQ are simplified procurement procedures used for lower-value requirements and provide accessible participation routes for smaller businesses.

Procurement Procedure	Count	% of Method Count	Value (PKR in Billion)	% of Method Value
Petty Purchase	26,730	56.87%	0.91	14.22%
RFQ	20,270	43.13%	5.50	85.78%
TOTAL	47,000	100.00%	6.41	100.00%

3.4 Development vs. Non-Development Procurements

Procurement records are classified as development or non-development based on the source data.

Development Status	Count	% of Total Count	Value (PKR in Billion)	% of Total Value
Development	42,193	81.16%	339.98	82.98%
Non-Development	9,796	18.84%	69.75	17.02%
TOTAL	51,989	100.00%	409.72	100.00%

10 or more bidders	305	6.11%
TOTAL	4,989	100.00%

7. GRIEVANCE & DURATION

The current EPADS 1.0 extract supports system-wide grievance indicators but does not contain the separate current-year compliance review needed to update the compliance, rule-violation, and documentation tables used in the FY 2024–2025 report.

7.1 Grievance Incidence

During FY 2025–26, 1,552 grievances were recorded across 1,193 of 14,767 OCB records, representing an affected-record rate of 8.08% and 10.51 grievances per 100 OCB records.

Grievances Per Record	Number of OCB Records	Share	Grievance Events
0	13,574	91.92%	0
1	949	6.43%	949
2	169	1.14%	338
3	49	0.33%	147
4 or more	26	0.18%	118
Total	14,767	100.00%	1,552

7.2 Procurement Duration

Publication-to-award duration is measured in calendar days to calculate the duration for Open Competitive Bidding procurements, and findings are provided in the table here:

Indicator	OCB
Valid Records	4,989
Minimum Duration	3 days
Maximum Duration	352 days
Average Duration	101.48 days
Median Duration	94.08 days

Duration Range	Number of OCB Records	Percentage
0–90 days	2,354	47.18%
91–180 days	2,236	44.82%
181–270 days	349	7.00%
271–360 days	50	1.00%
Above 360 days	0	0.00%

Key Finding: OCB publication-to-award duration averages 101.48 calendar days with a median of 94.08 days. 92.00% of OCB records were awarded within 180 days.

8. KEY FINDINGS

The following findings summarize the present EPADS 1.0 analysis. They will be updated after EPADS 2.0 integration, source-value confirmation, and receipt of the current-year compliance review:

1. **Procurement Method Mix:** OCB represents 9.60% of awarded records and 98.44% of awarded value.
2. **Category Distribution:** Goods account for 73.78% of awarded records; category count shares remain close to the FY 2024–2025 pattern.
3. **Development Procurement:** Development procurement accounts for 81.16% of awarded records. Financial shares await amount confirmation.
4. **Bidder Participation:** OCB records received an average of 4.52 bidders and a median of 3; 35.30% received five or more bids and 12.25% received one bid.
5. **Grievance Incidence:** One or more grievances are recorded against 454 awarded records 10.51%.
6. **Procurement Duration:** OCB publication-to-award duration averages 101.48 calendar days with a median of 94.08 days. One negative publication-to-award interval is excluded.
